It's that time of the year again when Habbo UK gets another year older. The Hotel is a big Number 9! Just think, the Virtual Community has been running for 9 whole years in the UK! I wonder what it was like back in the day of Habbo UK Version 1! 2D Habbos? Habbos floating? Only one type of furni? The Horrific images!

Instead of us giving them the presents (thank god!), we are getting something out of it! Imagine that, it's someone else's birthday, but we are claiming the goodies! Finally, the Grinch has taken over!

If you want to claim a cool badge and a sticker for your Habbo Home page, then click [here](#) to submit a Birthday Wish to Habbo UK. Might have known there was a catch?
